COLLECTION DEVELOPMENT UPDATE
#5
16 July 1992

Contents:
1. Program Review Schedule.
2. Program Review Outline.

1. Program Review Schedule.

The University's Program Review Committee will be looking at the following URI programs during the 1992-1993 academic year:

College of Business (all departments and programs)
College of Pharmacy (all departments and programs)

Civil and Environmental Engineering
Communicative Disorders
Mechanical Engineering
Microbiology
Speech Communications

The College of Nursing is also preparing for an accreditation review.

The Library will conduct a review for each of these areas during this upcoming year. Gordon Stein and John Etchingham recently compiled accreditation reports for the Colleges of Pharmacy and Business respectively, so that these reports only need a modest amount of repackaging for the Program Review reports.

The Subject Selectors involved with the upcoming Program Reviews will be receiving copies of the reports written this past year to assist them in formulating new reports.

On the pages following you will find the Program Review Outline procedures developed this year to help us to standardize information and to assist us in gathering, evaluating, and presenting information.

Subject Selectors will be asked to provide an outline of their reports by Sept. 15, 1992.

2. Program Review Outline.

See Procedures on the pages that follow.
