**LIBRARY IMPACT STATEMENT
LIBRARIAN'S ASSESSMENT**

Course: LRS/MBA 573 *Staffing Organizations*

Department, College: Schmidt Labor Research Center

Faculty Member: Prof. Anthony R. Wheeler

Date returned to Faculty: 30 October 2009

Librarian Completing Assessment: Prof. Andrée J. Rathemacher

The Library Impact Statement for LRS/MBA 573 *Staffing Organizations* indicates that class readings will come primarily from the required textbook and from supplemental readings posted by the instructor in Sakai. In addition, students will be asked to conduct literature reviews using the library databases ABI/INFORM and PsycINFO. The Library Impact Statement further indicates that there are no critical journals, monographs, or electronic resources required to support the course.

Based on the information provided on the Library Impact Statement and in the course syllabus, I conclude that the University Libraries can meet the needs of LRS/MBA 573 *Staffing Organizations* with no additional resources. In my role as Subject Selector for labor relations and human resources, I support the addition of this course without reservation.
