SHORT TITLE

The first section of the bill provides that the bill may be cited as the "Arts, Humanities, and Cultural Affairs Act of 1976".

TITLE I—ARTS AND HUMANITIES

SCOPE OF PROGRAMS CARRIED OUT BY THE NATIONAL ENDOWMENT FOR THE ARTS

Section 101 amends section 5(c) of the Act to eliminate the restriction that projects and productions supported by the National Endowment for the Arts must be located within the United States.

ALLOTMENTS FOR PROJECTS AND PRODUCTIONS RELATING TO THE ARTS

Section 102 amends section 5(g)(4)(A) of the Act to provide that the amount of each allotment to a State for any fiscal year shall be available to each State which has a plan approved by the Chairman of the National Endowment for the Arts to pay not more than 50 percent of the total cost of any project or production described in section 5(g)(1) of the Act.

APPOINTMENT OF MEMBERS OF NATIONAL COUNCIL ON ARTS AND NATIONAL COUNCIL ON HUMANITIES

Section 103(a) amends section 6(b) of the Act to provide that the appointment of members to the National Council on the Arts made by the President shall be made by and with the advice and consent of the Senate. Section 103(b) makes an identical amendment to section 8(b) of the Act regarding the appointment of members to the National Council on the Humanities.

STATE HUMANITIES COUNCILS

Section 104(a) amends section 7 of the National Foundation on the Arts and Humanities Act of 1965 (hereinafter in this explanation referred to as the "Act"). Subsection (f)(1) authorizes the Chairman of the National Endowment for the Humanities (hereinafter in this explanation referred to as the "Chairman"), with the advice of the National Council on the Humanities, to establish grant-in-aid programs in the several States in order to support not more than 50 percent of the cost of existing activities meeting the standards established by section 7(c) of the Act. Such grant-in-aid programs also may assist in the development of programs in the humanities in a manner which furnishes adequate humanities programs in each of the several States.
Subsection (f) (2) provides that in order to receive assistance under this subsection in a given fiscal year, a State must submit an application for such assistance at a time specified by the Chairman. It further provides that such application shall be accompanied by an annual plan which the Chairman finds (A) designates an existing State agency having responsibility for the arts and the humanities to be the sole agency for administering the State plan; or (B) designates a State committee on the humanities or other appropriate entity as the sole agency for administering the State plan. The subsection prescribes that the plan, if applicable to a committee, shall have the following criteria: that, prior to its submission to the Endowment, it be submitted to the Governor of the State for approval; that it establish procedures for the appointment by the Governor of a majority of committee members within a three year period after the date of enactment of this Act; that the membership policy of the committee be designed so as to be broadly representative; that a nomination process be included to assure committee nominations from a variety of segments of the State; that appropriate rotation of committee members and their officers be provided; and that adequate reporting procedures be provided and procedures for public access of information be established.

It also prescribes that funds paid to the State will be expended solely on programs which carry out one or more of the objectives of Section 7(c), and that the State agency make such reports as the Chairman may require.

Subsection (f) (3) provides that each State which has a plan approved by the Chairman shall be allotted at least $200,000 out of sums available to carry out subsection (f) in any fiscal year. An equal allocation among grant recipients must be made in any case in which insufficient sums are appropriated.

In any case in which sums available to carry out subsection (f) exceed the amount necessary to make allotments of $200,000 to grant recipients (A) the amount of the excess which does not exceed 25 percent of the sums available to carry out subsection (f) for the fiscal year involved are made available to the Chairman for making grants under subsection (f) to states and regional groups; and (B) any remaining amount must be allotted among grant recipients which have plans approved by the Chairman in equal amounts, except that no grant recipient may receive less than $200,000.

Subsection (f) (4) provides that any part of an allotment made under subsection (f) (3) for any fiscal year which exceeds $125,000, but which does not exceed 20 percent of the allotment, is available (at the discretion of the Chairman) to pay up to 100 percent of the cost of programs under subsection (f). This provision applies, however, only if the programs involved otherwise would not be available to residents of the State involved.

Subsection (f) (4) further provides that any amount allotted to a State under the first sentence of paragraph (3) for any fiscal year, which is not obligated by the State sixty days before the end of that fiscal year for which the sums to carry out this program are appropriated, shall be available to the Chairman for grants to regional groups, which are defined as any multi-State group, whether or not representative of contiguous States.

Subsection (f) (4) also provides that funds made available under subsection (f) may not be used to supplant non-Federal funds.

Subsection (f) (5) provides that any amounts available under subsection (f) (3) for a fiscal year which are not granted to the State agency or committee during the fiscal year shall be available to the National Endowment for the Humanities for the purpose of carrying out section 7(c) of the Act.

Subsection (f) (6) provides that whenever the Chairman, after reasonable notice and opportunity for hearing, finds that—

1. a State agency or committee is not complying substantially with the provisions of subsection (f);

(2) A State agency or committee is not complying substantially with the terms and conditions of its plan; or

(3) Any funds granted to a State agency or State committee, under subsection (f) have been diverted from the purposes for which such funds were allotted or paid;

the Chairman must notify the Secretary of the Treasury and the grant recipient involved that no further grants will be made under subsection (f) to the grant recipient until there is no longer a default or failure to comply or until the diversion of funds has been corrected. If it is impossible to achieve such compliance or correction, the Chairman is required to bar any further grants until the grant recipient repays or arranges for the repayment of any Federal funds which have been improperly diverted or expended.

Section 104(b) provides that the amendment made by section 104(a) is effective with respect to fiscal year 1977 and succeeding fiscal years.

PAYMENT OF PERFORMERS AND SUPPORTING PERSONNEL

Section 105 amends section 7 of the Act, as amended by section 104(a) of the bill, by adding a new subsection (g). Subsection (g) provides that a group, individual, State, or State agency may not receive grants under section 7 unless such group, individual, State, or State agency provides assurances to the Secretary of Labor that (1) performers and professional personnel employed on the projects or productions involved will be paid not less than the prevailing minimum compensation as determined by such Secretary; and (2) working conditions will be sanitary and will not be hazardous or dangerous to the health and safety of the employees.

Compliance with the safety and sanitary laws of the State involved is considered prima facie evidence of compliance with subsection (g). The Secretary of Labor is given authority to prescribe such standards, regulations, and procedures as he deems necessary or appropriate to carry out subsection (g). The Secretary of Labor is given authority to prescribe such standards, regulations, and procedures as he deems necessary or appropriate to carry out subsection (g).

ADMINISTRATIVE PROVISIONS WITH RESPECT TO SURPLUS PROPERTY

Section 106 amends the Act by providing that the Endowments may receive or dispose of by grant or loan excess surplus Federal personal property and makes necessary conforming changes.

AUTHORIZATION OF APPROPRIATIONS

Section 107(a) amends section 11(a)(1)(A) of the Act to authorize the following amounts in order to carry out section 5 of the Act: $82,500,000 for fiscal year 1977; $105,000,000 for fiscal year 1978; and such sums as may be necessary for fiscal years 1979 and 1980. Not less than 20 percent of any such sums which are appropriated in any fiscal year shall be available for carrying out section 5(g) of the Act.

Subsection (a) also amends section 11(a)(1)(B) of the Act to authorize the following amounts to carry out section 7(c) of the Act: $82,500,000 for fiscal year 1977; $95,000,000 for fiscal year 1978; and such sums as may be necessary for fiscal years 1979 and 1980. Not less than 20 percent of such sums which are appropriated in any fiscal year must be available for carrying out section 7(f) of the Act.

Subsection (a) also amends section 11(a)(2) to establish the following limitations on appropriations which may be made based on section 10(a)(2) of the Act: $15,000,000 for fiscal year 1977; $20,000,000 for fiscal year 1978; and such sums as may be necessary for fiscal years 1979 and 1980.

Section 106(b) provides that the amendments made by section 106(a) shall be effective with respect to fiscal year 1977 and succeeding fiscal years.
