Committee on Admissions Policy

Items 1 and 2 were approved separately as follows:

1. Recommendation that nationally standardized examinations, preferably part of a nationally standardized program, be used when available as the second criterion for acceptance for Advanced Placement. (This concerns those students not in an established Advanced Placement Program.)
2. Recommendation that transfer candidates from Rhode Island Junior College be appraised on an individual basis in the same manner as applicants from any other institution. It is emphasized that the University does not subscribe to a policy which would presume automatic transfer at any level.
