(date)

Chairman of the Faculty Senate /s/

March 30,

67

Dr. F. Don James

Vice President

Frederick Amling, Dean

College of Business Administration

Establishment of Departments

Establishment of the Finance & Insurance Department

The Finance Department has been created because of the retention of the finance courses in the College of Business that were once in the Department of Economics which is now being transferred to the College of Arts and Sciences. Instead of creating a separate Department of Finance it was decided to combine it with the Insurance Department in the College of Business.

Establishment of the Department of Business Education
and Office Administration

The Department of Business Education and Office Administration has been created because of the new emphasis in this area and because it has acted as a de facto department for several years.

Sincerely,

Frederick Amling
D.A.
