A. Announcements

In December, he said, the FSEC proposed a change to the By-Laws creating a two–year leadership position, Vice Chair/Chair–Elect. He reported that the referendum of the General Faculty to change the Constitution to enable this new position passed with 92% approval. At today’s meeting, he will call the vote on the proposed changes to complete the process to create the new position.

2) Chairperson Nassersharif reported on the progress of the Administrator Evaluation Committees at work to carry out surveys of President Dooley, Vice Provost Katz, and Deans Wright and Corliss. He said that the survey for Vice Provost Katz was closed. He urged faculty to participate in the survey process for the remaining administrators (as applicable) stating that faculty opinions matter.

3) Chairperson Nassersharif announced that the Office of the Provost and the Faculty Senate were again jointly sponsoring the Sheila Black Grubman Faculty Outstanding Service Award to recognize a member of the URI faculty who has made important contributions to the University through service. He urged faculty to nominate their peers for this award adding that the award recipient receives a plaque at the May meeting of the Faculty Senate and a financial award of $2000.

4) Chairperson Nassersharif thanked Dean Kirby for graciously agreeing to sponsor the reception at the University Club after the meeting. He encouraged all Senators and others to attend.

5) Chairperson Nassersharif reminded non–Senators to sign the Permission to Speak form and asked everyone to remember to wait to be recognized and to identify themselves before speaking.

B. Senator Welters announced that the Minutes of the 2014–15 Executive Committee Meetings #30, #31, and #32 were available on the Faculty Senate website. She asked if there were any questions. There were none.

C. Senator Welters recommended that the Faculty Senate adopt the proposed schedule of Senate meetings for the 2015–2016 academic year:

- Sept. 17, 2015
- Oct. 15, 2015
- Nov. 19, 2015
- Dec. 10, 2015
- Jan. 28, 2016
- Feb. 18, 2016
- Mar. 17, 2016
- April 14, 2016
- May 5, 2016

The motion was approved. Chairperson Nassersharif indicated that an amendment to the proposed 2016 Spring dates would be made at the April Faculty Senate meeting (after checking dates with the Scheduling Officer) in order to set the March meeting after spring break, not prior to spring break.

4. REPORT OF THE PRESIDENT

The Provost said that the President was out of town and that he would make some brief remarks. Legislation forwarded to the President after the February meeting had been approved as indicated on the agenda.

The Provost reported that Governor Raimondo was scheduled to present the 2016 state budget that evening. Because of the reported $200 million shortfall in the state, the Provost said that he is not expecting an increase in the state appropriation in FY16, but is hoping for approval of a modest tuition increase for URI for FY 16.

The Provost reported that, for the fourth year in a row, undergraduate applications have increased (total > 21,000) and have broken our previous record for undergraduate applications. He stated that demographic reports from 43 of 50 states indicate declining numbers of high school graduates throughout most of the country. URI continues to attract a greater percentage of a shrinking pool of applicants and also a greater percentage of Rhode Island high school graduates. Of about 9000 or so RI high school graduates, URI received applications from about 4500. The Provost credited the work of Admissions and the faculty for these successes. He noted that the quality of applicants continues to increase, too, as demonstrated by the SAT scores of applicants. He thanked faculty in advance of their efforts in support of “Welcome Days” and other yield activities during April.

The Provost reported that Winter J–Term experienced a 50% increase in enrollment in 2015, from ~400 to ~600 total number of students enrolled in one of 29 on–campus courses or 17 travel courses. Students have expressed high praise for the structure of the classes and the faculty delivery and faculty have also enjoyed teaching in the compressed format.
The Provost said that 40 of 50 states have performance-based budgeting in place and that it was gaining traction in the RI General Assembly. He reiterated that because URI has been able to develop its own framework for this mechanism for funding Rhode Island’s post-secondary state schools, and because URI has been advancing student achievement and retention for some years, the institution is well-positioned in this regard.
