Homosexuals blasted for ‘special profession’

Homosexuals blasted for 'special profession'  

To the Cigar:

It seems that every society down through the ages have had their share of misfits. Some more, some less. The more idleness and deprivation in a society from the highest to those in the lowest brackets, the more the misfits it generates. When a system of society is in a process of decay all kinds of evils spring forth, naturally.

Homosexuality, lesbianism, pornography, smut, etc., let along crime and corruption, these activities have a field day along with venereal disease.

I do not subscribe to a breakdown of moral values in pursuance of freedom. Some people make the issue of freedom paramount. Freedom for good as well as freedom for evil. A healthy society needs some form of regulation for the tender years of its people.

During the war, (the big one), in Hartford, Ct., many of the city’s poles along the sidewalk especially those near bus and trolley stops had placard signs on them reading, "Fight Venereal Disease." I understand that Phoenix, Az. had a similar campaign and perhaps other cities. Recent reports say that venereal disease is still our Number One problem and that most cases are not reported.

Right now the homosexuals are making the biggest noise. Clamoring for equal protection in our capitalist society. These people don’t seem to have any quarrel with any other phase of our society. At present it is just to live in peace in their little world. This is only to get a foot in the door.

Their goal is legal protection to pursue their special profession. They would like to operate out in the open and get around to educate the uneducated among the youth under the guise of freedom. There will be no stopping them after getting legal protection.

Public parades as a rule demonstrate the purpose of the parade. No doubt in their parades they would like to have large banners demonstrating how this “profession” is performed for all to see. In India there are two blocks of statues from a bygone age depicting orgies involving men, women and animals.

On this subject most people do not want to get involved directly in fear of being clobbered by those who now run with the pack. But when a secret vote can be taken as in the Anita Bryant crusade in Florida, many of the timid will come forth to vote.

But the goal of these people is really no goal at all for labor. I can not see where this way of life has any connection with the labor movement. And for labor unions to take part in backing their demands will create more harm than good for the labor movement as a whole.

Sexual activity between men and women is enjoyable, and necessary for the propagation of the species.

Labor honors the working woman whether in the home or in the factory or elsewhere. This Homo activity is an insult to our women, and we should keep in mind that the sexual and the other nearby organ of both men and women are the tail-end of the human sewer line where all of the internal body filth has to be eliminated. People who slobber around these parts of the body have an unhealthy state of mind.
