**LIBRARY IMPACT STATEMENT
LIBRARIAN'S ASSESSMENT**

Course: ECN 333 *Economics and the Law*

Department, College: Department of Economics, College of Arts and Sciences

Faculty Member: Prof. Robert Van Horn

Date returned to Faculty: 6 October 2010

Librarian Completing Assessment: Prof. Andrée J. Rathemacher

The Library Impact Statement for ECN 333 *Economics and the Law* indicates that students will not be conducting research in the course that will require the use of the library. Further, the Library Impact Statement lists no critical journals, monographs, or electronic resources that the library must have in order to support the course.

Based on this information, I conclude that the University Libraries can meet the needs of ECN 333 *Economics and the Law* with no additional resources. In my role as Subject Selector for the Department of Economics, I support the addition of this course without reservation.
