LIBRARY AND SERVICES AND CONSTRUCTION ACT AMENDMENTS OF 1989  
HR. 2742

Summary of Significant Changes from Current Law

Section 1 Title

Section 1 of the bill specifies the short title as the Library Services and Construction Act Amendments of 1986 and clarifies that all references in this legislation refer to the Library Services and Construction Act.

Section 2 Definitions

Section 2 of the bill amends the definition of "Construction" to allow for the purchase, lease, and installation of equipment; adds the phrase "ensure safe working environments" and broadens the reference to machinery to include new forms of library technologies. Section 2 also adds two new paragraphs that define "handicapped individual" and "network".

Section 3 Authorization of Appropriations

Section 3 of the bill amends the Section 4 of the Act to authorize the Titles at the following levels for Fiscal Year 1990 and such sums as may be necessary in the succeeding 4 years:

Title	Proposed FY 90	Current FY 89	Actual FY89

#### Section 4 Allocations

Section 4 of the bill amends the internal allocation of funds under Title IV, Library Services for Indian Tribes. One half of the setaside for Indian tribes would be used for basic grants with the amount of the basic grant being determined by dividing this half by the number of tribes that submit an approved application. The other half would be used for special project grants. Under current law, the basic grant equals the 1.5% setaside divided by the total number of tribes. All funds not applied for successfully are reallocated as special project grants. The legislative intent is to put more emphasis on the basic grant over the special grant. Tribes will get an average increase of \$1500 in the size of their basic grant. Special grants will continue to go to only those tribes that receive a basic grant.

To avoid applications from overlapping entities serving the same area, the bill requires that implementing regulations "prevent an allocation from being made to serve the same population by any two or more of the following: an Alaskan native village, a regional corporation or a village corporation as defined in the regulations pursuant to the Alaskan Native Claims Settlement Act."

#### Section 5 Resource Sharing Coordination

Section 5 of the bill requires the Secretary of Education to provide the State Library Agency with the opportunity to comment on any application for Title IV and IV-E funds as it relates to the overall State plan.
