Homosexual Bill Threatens Family Values

Concerned Women for America seeks support to defeat shocking pro-homosexual law in U.S. Congress.

Hundreds of thousands of Christians across America are outraged by a growing number of federal lawmakers endorsing pro-homosexual legislation sponsored by Sen. Edward Kennedy (D-Mass.). The bill, S. 574 and its House companion H.R. 1430, legalizes homosexuality and gives sodomy legal protection. The House version is sponsored by Rep. Barney Frank, whose male lover ran a prostitution ring out of Frank's house.

Christian and Jewish leaders are shocked that Congress would consider a pro-homosexual law of this magnitude.

If passed, S. 574/HR 1430 gives a man who "marries" another man the same rights as a husband and wife. Gay "couples" will

have the right to adopt any child. Schools will be forced to teach that homosexuality is not an unnatural sexual behavior, but a civil right. And churches could be forced to hire and ordain gays and lesbians.

Beverly LaHaye, president of Concerned Women for America (CWA), says, "As a Christian I have genuine compassion for homosexuals because they can be helped to change their lifestyle. There are fine organizations ready to help them. But I believe pro-family Americans must stand united against legalizing homosexuality as a normal and acceptable behavior."

"If this bill passes, we're looking at the wholesale destruction of the family and religious freedom in America. It's inconceivable that taxpayers' money will be spent to support anti-God and anti-family legislation."

CWA has launched a national

effort to defeat the bill. CWA lobbyists are providing critical support for pro-family congressional leaders to kill the measure.

And by special arrangement with Western Union, CWA is urgently advising concerned Americans in all 50 states to wire CWA-prepared telegrams to their U.S. senators and representatives in Washington. To date, there have been thousands of letters delivered.

Pro-family Congressman Bill Dannemeyer (R-Calif.) says this campaign must become one of the largest

outpourings of public protest Congress has ever encountered. LaHaye cautions, "It will take a committed national effort to pressure lawmakers to vote 'no' on a bill of this type. That's why we're pray-

ing that all Americans who believe in the holiness of marriage and the sanctity of the home will act now to help CWA defeat this destructive bill."

Nationwide, the homosexual network has been harassing LaHaye and CWA. The gay and lesbian lobbying force has never been as strong as it is today. Michael Swift, a well-known militant gay activist, declared, "All laws banning homosexual activity will be revoked. All churches who condemn us will be closed. Our only gods are handsome young men."

Representing more than 600,000 members in every state of the union, CWA's effective pro-family leadership in Washington is lauded by President George Bush, former President Ronald Reagan, H.U.D. Secretary Jack Kemp, and scores of other political and religious leaders. ■
