PURPOSE: This amendment would set aside \$200,000 or 20% of the Humanities Endowment funds which would go to support state programs. This is identical to the provision in the present Act for the State Arts Councils.

In addition, the amendment provides for assuring broad representation and for the rotation of membership on the governing body.

In addition, provision is made for the appropriate officer or agency of the state to appoint two members.

The remaining provisions relate to certain requirements are identical to those provided for the States Art Councils in present law.

It should be noted that this amendment does not mandate the creation of State (governmentally created) Humanities Councils as does the present Act with regard to State Arts Councils.
