COLLECTION DEVELOPMENT UPDATE
#28
23 JUNE 1993

CONTENTS: Accessions Lists/Reference Collection, FY93

In the III 'create list' function, we can provide detailed and user specific accessions lists. As a sample of the types of lists we can develop, I ran a list for all items catalogued into the Reference Collection since July 1, 1992. For collection development purposes, selectors may be interested in the following statistics, which shows items [for the most part 'volumes', although the CD-ROMs items are titles]. If anyone is interested in specifics, consult list #56, in III management information [string of 'm', 'l', '54', 't' will get you there].
