Dear Ms. Rathemacher,

Thank You so much for your support of this Agency's Microbusiness Program BOOST, a program designed to help people become self sufficient through business ownership.

Thursday evening's presentation was comfortable, informative and clearly presented, You seem to have the ability to present complex information in a way that is understandable to our constituents. Information that might otherwise seem overwhelming to the uninitiated. We especially liked your speaking to everyone as an individual, inviting Mark to be the computer person, and encouraging everyone to contribute to the conversation.

The success of this program and others like it depends greatly on the generosity of community minded people, like yourself.

Thanks Again.

Sincerely,

Margaret Tarbox
Boost Program Director
