Restricted to mature readers: Religion makes the invisible, visible: Why them GODPHOBIC???

If you are willing to risk your sanity and personally experience the dark night (years?) of the soul it is possible to know God, life & creation as absolutes. If you by choice decide to act on the results remember Jesus, as the Christ, was legally executed by some within the establishment(s) - religious, political, cultural & military - of his day! The following comments are stimulated by a media program discussing whether schools based on religious faith(s) should receive state funding - a share of (my) the taxes

I personally found it amusing that media persons and others (including human right defenders) state: this action would be a deterrent to the "public system" and disruptive/divisive to society. I say this because these same individuals on previous occasions have stated at the public level they believe in multi-culturalism, in pluralism, in inclusive societies. Now that THEM have an opportunity to practise what THEM have preached, suddenly it's no longer acceptable. Does this mean they like to accuse others of being prejudice and bias, of being oppressive, abusive & insensitive BUT it's o k to force/achieve their perceptions, understanding, and values on life, on others. If I do it, it's good. If you do it, it's bad! I'm not prejudice ..., bias, ..., racist ..., religionist. Or perhaps, if these 'faiths' ran their own schools, thems won't be able to CONTROL THOSE CITIZENS? They may be a danger or threat to us? Impose their views on us!!!

And there is another TV program with a lawyer questioning a former soldier about a swastika tattooed on the arm of Canadian soldiers. Didn't he as a Canadian soldier find this offensive because of the holocaust? No, it's a personal choice - was the answer. My thoughts are as follows: It is over fifty years since the 2nd WW and the average age of the citizen is what - in the thirties - The 2nd WW is history - not relevant. AND we are a multi-cultural, pluralistic society. NO ONE CAN BE CONDEMNED! Right? We have created the - political/legal/media - culture in which LIVES are terminated in health facilities; CRIPPLES or other sufferers are killed by their parents or friends/medical persons; same sex-people/couples are what; dump peers/co-workers to save the group; where race, gender, age, origin, sexuality, etc are viewed as positive aspects for some and negative aspects for others and/or simply viewed as meaningless elements of one's existence, identity and/or life-style depending on the specific situation being examined. What is right or wrong behavior? Right behavior saves me, serves my self-interest. Wrong behavior harms me or my self-interest. That's what morality is all about!!!!!!!

And there is a politician who wants to eliminate not only religious school boards but all school boards. Money is the criteria, the foundation of decisions. How close is Ontario is Canada to being like all the other countries in the world - What are our(?) representatives at the UN promoting and supporting through instruction from the Federal gov't? What kind of nation/society or world do you/they want? Tell me plainly, what is the purpose of a life, a nation?! And how much control over life do you/me really have? Perhaps you are a gift to yourself!

And it is clear beyond doubt - they make laws for others, collect taxes from others, but what is their personal commitment? And the justices of Ont said - yes, the poor have a right to receive welfare; but it doesn't say how much; and the female supreme court justices said we are discriminated against for pay as compared to males-cost to live irrelevant, meaningless. And there's an article by a female columnist condemning people for child abuse but she promotes abortion. And there's an editorial condemning people for sexual harassment of women but in the personals are a number of ads for a variety of sexual situations/activities? And there's a story: money being withdrawn from health care, education & social services!

What does credibility mean? At least God has it and for a couple thousand years it has been a matter of public record that innocent people suffer unfairly even to the point of death! Mt 26:36-46; 27:45-56.

Perhaps it is time to bar politicians, legalists, media & academic people from the classrooms??? from the airwaves??? from people??? and/or from life??? Let's reduce cost & duplication of service - eliminate either the federal or provincial gov't - it doesn't matter which one leaves - does it? And perhaps the paying of any and all income or other tax should be a PERSONAL & PRIVATE matter between an individual & his/her financial adviser??? Aren't you discriminating against us at the bottom of the pile??? You are interfering with my (body) money!!! Where is choice??? Respect our individual conscience!!! Contact your gov't officials.

***** , Thanks for asking

THEY like the word THEM is a word that allows one to avoid lawsuits and gives one the opportunity to say something in the nature of a generality There really are many defensive people who still do not realize how they contribute to the problem. At times some people have become upset with me In fact, one of my former bosses told me I was my own problem But, I already knew that Making it a little clearer: Individuals who "are not successful" in school and are made to repeat a grade usually do not do any better because no change occurs in his/her attitude or behavior Improvement takes place when the person begins to realize how his/her behavior/attitude is part of the problem Sometimes this can be most painful Many individuals when they begin to experience the harsher realities of life at a personal level become so discouraged he/she does extremely harmful things to him/herself Unfortunately I really don't know any easy way to do what I do.

Making it clearer: I am - white, English speaking, heterosexual, religious academic background, male, husband, father, grandfather of wanted wife, children, grandchildren and future descendents who has been labeled as oppressive, abusive, insensitive, racist, sexist, person for a couple of centuries by (they) modern woman, politicians, justices, media types and the various institutions/systems associated with them THEM do not realize they are being manipulated like the ancient pharoah by ??? (Ex 7:3-4) The modern world leaders really do not have a sense of time and space and are simply subject to the historical era into which they have been born Nothing has changed: the rich are rich; the poor are poor; the powerful are powerful; the weak are weak; Which side do you choose/pro-choice to be on??? The justification for my behavior is they behavior. What follows should be viewed as a reflection of ... they. And is an example of serious venting - If you are not accustomed to harsh and pointed statements, simply delete it.

Not for amateurs:

What have I learned from THEM? Perhaps it is time to SEPARATE people from the state, from the courts, from the media, from the ??? (THEM)

And there, on the TV news on June 3rd, 1996, is a **female** attorney general stating she will charge parents for damage caused by their children They (parents) failed to control their child as they are responsible to do! (and there's another print story about another Provincial government telling us "parents will pay")

And there is a politician, a judge, a media person, a modern professional woman stating a child, of any age, has the right to choose abortion, to kill a growing life, and they **do not have to tell a parent**. You don't have a right to control your child but if the child creates a victim you (parent that you are) are responsible to compensate!!!! I, politician that I am, judge that I am, professional woman/media person that I am, support victims!!!! as an absolute!!!! **If I, by accident or mistake, create a victim by my thoughts, words, actions or omissions, like other politicians, justices, modern women, I will personally compensate the victims! That is my personal policy & strategy for my personal existence, personal identity & personal life-style!!!!!!** I am not a self-righteous, self-serving hypocritical hate-monger?

How do us poor parents, at the bottom of the pile, compete against the institutions & employees of the state in any area of human activity??? And there is that organization/educational system teaching and promoting safe sex!! And there, during play-off hockey, on coast to coast TV, is a condom advertisement!! <Our cute boy's club bottom line must be changed from red to black ink, some how!!! I, media person that I am, need the job!!!

But there is another story on TV **safe sex is an illusion**, a non-existent activity The statement 'safe sex' is a lie, according to the news report You have created the civilization of death I have a right to improve the quality of my life, to make choices! I choose to kill/abort my child! I choose to kill/assisted suicide, active euthanasia my mother/father or sibling or friend. Besides the media person said there isn't enough money to provide health care to all of us if the old sick persons hang around and use up the medical system's resources I count I am a value. I must achieve my fate, my destiny in a comfortable & convenient manner! **"Beware of false prophets who come to you disguised as sheep but underneath are ravenous wolves. You will be able to tell them by their fruits."** (Lk 7:15-16)

And there on TV, during the week of Sept 3/96, is a **female** gov't minister announcing changes to child care in which the workers will take a wage cut & increases to the worker/child ratio will create more child care spaces - Did the minister take a wage cut to help up the quality of the program - NO NO NO!!!

And **God** said to ***** "You were born with a penis. You have a right to be a prick in defense of your wanted wife, children, grandchildren & future descendants." <And there is a story about politicians/governments suing tobacco co's to recover/ gain compensation for health care costs etc. caused by smoking > <And there is a story about a modern woman of colour who is proud that she, during her term of office, upset many ??? >

In view of this how do (white) males, who are husbands & fathers/grandfathers, and innocent life receive compensation for all the abuse they, individually & collectively, have been subject to over the years from the modern women, politicians, justices, media types, etc and their institutions?? Who do we sue?? How do you nation/politicians, courts/justices, media institutions/professionals & modern women, etc., earn our (male) trust, our (male) faith since you are simply the "MALE" you conditioned and indoctrinated everyone to reject, to have strong negative feelings against? For years, no decades and even centuries you have labeled us as oppressive, abusive & insensitive ???????? things. Once again at the public level you are the establishment - the bad guys. Your interpretation of equality equals sameness AND your understanding of freedom means you are subject to what you are and the historical era into which you, not by choice, have been born! Too bad, how sad. You are foolish, naive and ignorant ???

In fact, you have created in my mind the perception, you, individually & collectively, have continuously conditioned and indoctrinated with animosity & malice the society and its politics/laws/culture to view (white) males & their families as ugly, evil and the source of problems for others. And there is another article by a female columnist stating males are the

cause of another of women's problems. This occurs day after day after week, after month, after year, etc. Why is it that medias have these extremists who continuously promote hatred and rejection of others and who then accuse everyone in sight of being hate-mongers, prejudice bigots. In thousands of years nothing has changed - creation is stable & constant. Read Parable of the unforgiving debtor (Mt18:23-35); then The Pharisee and the publican (Lk 18:9-14) & Listen to: Gibran, Kahlil The Prophet, Penguin Audiobooks, London 1994.

And where are the Canadian & Ontario & other Human Rights or Gov't organizations or NGO'S to defend life and males - ???where are they???? Are we discriminated against by all???? YES YES YES.

And there is a female media person asking, "Would the OK terrorist/bomber have destroyed the bldg if He(?) knew the names and faces of its inhabitants?" Based on the daily words, decisions & actions of modern women, politicians, justices, media persons, etc , the answer is **YES!**

Therefore, in view of this, How do I - white, English speaking, heterosexual, husband & father to a wanted family compete in the Global village, market-driven economy in a legal manner??? so that **I can fulfill my responsibilities to assist them -my family- to be all they can be!** Why do you create **dead beat dads!!!** How can I be a successful dad since you are a ?????????????????? destroyer of life, of relationships and of society/nation - **a culture of death?????** And you promote same-sex marriages - not only a contradiction in terms but in reality. There may be a relationship but it is not a marriage You have no knowledge of history, secular or sacred, and on a daily basis reveal completely and beyond doubt you are foolish, naive & ignorant of the human condition existentially and/or historically!!!!

You, the media, justices, politicians, etc. have made a serious strategic mistake - you never designated anyone to keep track of just how much knowledge you have dished out to the public. Now it's too late - surprise! surprise! And the media person said, "know your enemy!" and I added "& friends." Even God can be known as an absolute on a daily basis That's what the Sacred & Secular writings confirm by supporting each other You really should've listen to your mother and studied harder Too bad, you lose & God wins - life will go on here and now and outside of time and space. Learn something. I can't demonstrate anything to you because you don't know anything.

And there is a female human resource person stating "only individuals who add value to the product & process will be hired and/or kept! Any other criteria doesn't count!" And an economic professor stated "Co's have adopted the criteria of improved efficiency leading to increased profitability Making more money is the value! The priority." Another speaker said, " women will **once again be manipulated, as in history, into the job market.** We will tell them being a mother is a slave job. Does not allow you to achieve your fate or destiny You, woman that you are, can have an exciting male job - escape from boredom. You'll be free!!! Not dominated by males!!! And now, we will have a large labor pool and can force wages to decline (in amount & value) because of increased competition among the large numbers of workers

NOW, woman that you are, do what you're told. Shine your shoes. Fix your tie. You are free! Ha!!! ha!!! I'm glad you conditioned & indoctrinated her to believe she could not achieve her fate or destiny as an inferior human, a woman. And that we created a desire in her to be male! A successful human! Now the teenagers will be free - **NO MOTHER** at home to help them We can run wildddd!!!! **MY MOTHER IS AN ATTORNEY GENERAL!**

I wonder, teenager that I am, did I ever have a mother??? Why are there females, women. Do they have a use or value?? anyway??? "Then the serpent said to the woman, "No! You will not die! God knows in fact that on the day you eat it your eyes will be opened and you will be like gods, knowing good and evil ... Then the eyes of both of them were opened and they **realized**

that they were naked" (Gen 3:4-7) (gained awareness of life & creation - became adults, no longer children) Creation is stable, unchanging.

And there is a feminist stating marriage is a trap for women? It is bondage. Marriage does not allow the woman to achieve her destiny - be all she can be! I, woman that I am, do not wish to be a slave! I, modern woman that I am, reject marriage! **BUT** there's a homosexual demanding same sex marriages! Hey! What's going on here? And pay equity destroyed the financial structure that once supported families. Your pay is determined by comparing you to others. What it costs to live doesn't count!

How do us citizens at the bottom live/survive among you. **It's simple. You don't!** Citizen, that you are. We, ????, are only interested in our own welfare. If I kill life or the nation or destroy family/marriage realities - who cares? No one! We've made you, citizens that you are, to be little clones, little robots. You are desensitized zombies! No longer human! You will think and do as we tell you! You are not entitled to an opinion! **1984 & Brave New World & Handmaid's Tale** exist now. At the level of your personal existence, personal identity or personal life style I, as a husband of a wanted wife or a father of wanted children and grandchildren, can't justify respecting or trusting you - modern women, politicians, justices, media persons, etc.

It appears only citizens who make no demands on you or don't cause any types of problems and are totally self-sufficient are acceptable to you. Only individuals or persons completely out of touch with the real world and who live only in their fanatics or fantasies will be allowed a public form - freedom of speech. Only things we can control will be allowed to ???????? I can't, nor can I think of anyone including God who would qualify as a worthwhile person for you. Not even God would make you happy! or joyful! Have a ????? (nice day) building the civilization of death!

I, modern woman & politician & media person that I am will now make as society's next bad person - teenagers. They are good for nothing violent people who are interfering with the quality of our lives. They make us afraid and uncomfortable. We will condition and indoctrinate society to hate them as we have life and white males. This will justify and demonstrate our personal value to society and we can still collect our millions as famous, caring and concerned humans, We, saints that we are, live only to serve! I wonder if the modern woman had made a decision to be a woman and had not made a decision to be male because of her envy and jealousies would we now have wild and crazy teenagers. If the modern woman had chosen to be what she is - female, a mother - instead of a turner of living flesh into charcoal, a soldier. **etc. etc.** Would we have a peaceful society. No! As we see on daily TV and movies the woman is a violent, killing machine. My way or you are dead history.

The present day establishment is not new, not exciting, not innovative, not creative. It is the old. The modern woman, as the old or even the ancient woman, is simply oppressive, abusive and uncaring. She is a human without virtues, without character, without integrity. What to do??? From your perspective, the sad reality is - **I am you!**

Did you ever wonder why there are three judges or 5 judges or 7 or 9 judges on a tribunal or supreme court. It is simple. They are just humans who have their own personal little understandings and perceptions concerning life and have been conditioned and indoctrinated to think about life in a limited manner based on laws. With an odd number, you will never have a tie! A decision of some type or kind will be made. Law doesn't have anything whatsoever to do with fairness or justice. It only has to do with the present, at this moment interpretations about a specific event concerning specific persons at a specific point in time. It's the opinionated view concerning something about the human condition. They, with their counterparts in politics, the media, the professions have created a meaningless, hollow and empty society of death to improve the quality of their simple, frustrated lives. What an improved establishment we now have!!! How can us simple humans at the bottom of the pile compete in this mess you have, **by choice**, created????

At the end of the 2nd World War many individual Germans, Nazis and others were accused of crimes against humanity. In their defense they said, "we were only following orders." We said, "you should have said no." To-day many individual lives are terminated in fortified health facilities called abortion clinics or women's health centres. Some persons and police have said no to this destructive (crime against life) practice. They have been arrested, fined, sent to jail and/or fired! How's that for saying no? And there's an advertisement telling me you care, are concerned for the welfare of my children, grandchildren & future descendants - but you kill/abort your child because it is an unwanted, inconvenient, deformed, trouble-causing bundle. And then you make me pay for it with my taxes. Guess what, you media person/institution, politician/gov't, justice/court, them's don't have any credibility. You not trustworthy and live for your self-interests only. Since you reject me now - politics/nation, law/justice, information/media, etc. are ???what? What legal options are there???

Perhaps, you should study in depth the character Judas in JESUS CHRIST SUPERSTAR and/or JESUS OF NAZARETH to learn ??? what.

And commenting as many media people do - such as to-day (9/10/96): an American reporter standing next to a mass grave: These were murdered people but no one in the nearby village knew anything about this tragedy. The reporter implied they were lying as there were 1000 bodies involved. Since the American media promoted the killing of life in the womb at the rate of one & a half million per year as a personal & private right how can they condemn anyone. And it's all sanctioned & protected by law. How can law find a one person guilty of anything??? How can they complain about anybody? And there's a modern highly educated woman serving as a judge in the war crime trials -Yugoslavia. And this is the gender which has continuously complained about being treated unfairly by oppressive, abusive, insensitive ??? whoever - They?? terminate millions of lives on a yearly basis in medical facilities and now they judge others. Just how complicated is life? Can you cope? Do we need guidance to understand what is taking place around us???? Perhaps you should watch GOD IN THE DOCK and/or ROMERO Insight films produced by the Paulist Fathers, Box 1057, Pacific Palisades, CA, 90272.

Then he (Jesus) said to his disciples, "That is why I am telling you not to worry about your life and what you are to eat, nor about your body and how you are to clothe it. For life means more than food, and the body more than clothing. Think of the ravens. They do not sow or reap; they have no storehouses and no barns; yet God feeds them. And how much more are you worth than the birds! Can any of you, for all his worrying, add a single cubit to his span of life? If the smallest things, therefore, are outside your control why worry about the rest? Think of the flowers; they never have to spin or weave; yet, I assure you, not even Solomon in all his regalia was robed like one of these. Now if that is how God clothes the grass in the field which is there today and thrown into the furnace tomorrow, how much more will he look after you, you men of little faith! But you, must not set your hearts on things to eat and things to drink; nor must you worry. It is the pagans of this world who set their hearts on these things. Your Father well knows you need them. No; set your hearts on his kingdom, and these other things will be given to you as well. "There is no need to be afraid, little flock, for it has pleased your father to give you the kingdom - THE CIVILIZATION OF LOVE! (Lk 12:22-32) Pope John Paul II The Gospel of Life Times Books, New York 4/95

Send your thoughts about God, life & creation to them - politicians, justices, business, labour, academic, media, etc., establishments & their leaders. Life is survival of the fittest(?) as determined by God/Jesus not Darwin/science? What a surprise we'll have!!! Evolution an illusion! Faith an objective reality!
