Senator Claiborne Pell
325 Old Senate Office Building
Washington, D. C. 20510

Dear Senator Pell:

We hope you enjoyed your brief visit to the new Ocean Engineering building to view the Revolutionary War artifacts salvaged from Narragansett Bay. The time and interest you have taken in this project is greatly appreciated by all of us involved in this timely historical operation.

We are presently involved with several state and federal agencies in an attempt to obtain additional much needed funding necessary to do thorough survey, salvage and preservation work. Therefore, at some time in the near future, we will probably contact you for some further assistance in our efforts to keep Rhode Island a forerunner in Bicentennial preparations.

Very sincerely yours,

Herman E. Sheets
Chairman and Professor
Ocean Engineering Department
