PLEASANT THOUGHTS.

By Zabdiel H. Pleasants.

Is there anything you have enjoyed as much as a ride in the carriage, or the ride in the stage coach? If so, how many miles did you travel in one trip? What kind of weather was it? Did you see any interesting sights along the way? Were there any events that stood out in your mind during your ride? What did you do when you arrived at your destination? Did you spend time exploring the area or just relax and enjoy the scenery? Were you satisfied with your choice of mode of transportation? Would you choose to travel by carriage or stage coach again in the future? Why or why not?
A gentleman, named Mr. X, laying down on the floor to read a newspaper, was startled by a sudden noise and looked up to see a large dog lying on the floor, wagging its tail. He said, "What are you doing?"

The dog replied, "I am playing with my ball."

The gentleman asked, "What kind of ball are you playing with?"

The dog answered, "A round, white ball with black spots."

The gentleman said, "That is a tennis ball."

The dog replied, "Yes, but I am playing with it in my own way."

The gentleman said, "Well, you must stop playing and come with me."
