RE: Hutchinson Office Incidents

It has come to our attention that certain informational flyers, specifically a Gay/Lesbian/Bisexual support group flyer and a flyer for the Women's Leadership Conference, have been repeatedly torn down from the office walls. This occurred even after a request to leave them up until speaking with the person who hung them was made. We as a group find this to be both a gross misuse of power by certain individuals as well as a blatant act of discrimination. These actions are reprehensible and will not be tolerated. Every person regardless of race, sex, sexual orientation or political beliefs is entitled to have a voice on this campus. Please be warned that if these acts should continue action will be taken. Thank you for your prompt attention to this matter.

Sincerely,

The Members of the URI GLBA
