I hope you do not find it presumptuous for
me to come before you this afternoon to offer
a non-business man such as myself to come before
this group of Rhode Island ^{major} ~~business~~ ^{business} men
to offer you ~~business~~ advice on business.

Last March, the Rockefeller Fund
released an extensive study 2
years in the making, entitled "Report on
the California air: Problems & Prospects."

It is not that I propose to tell you
how to run your business or what to
do ~~in your business~~ ~~but rather~~ ~~I should like~~
to offer some observations on
what has been done in other
communities - & how it can affect
us here in R.I.

In a way, I do and a business man -
My business is government & the
business of government includes industry as
well as education, culture as well as defense.
