Dear Mr. Luginbuhl:

I recently received a letter from the National Science Foundation in reply to my earlier inquiry about NSF programs that might be of assistance to the International Center for Endangered Species. I am sending a copy of it along to you.

It appears that Dr. James Tyler in the Division of Biotic Systems and Resources is the person for you to contact with specific questions.

Please be sure to let me know if you ultimately apply for funding as I would be delighted to support your application.

With warm regards,

Ever sincerely,

Claiborne Pell
