Course: _HDF 170x_____

Department, College: HDF, HSS_____

Faculty Member: _Karen McCurdy_____

Date returned to Faculty: _May 6, 2015_____

Librarian Completing Assessment: _Joanna M. Burkhardt_____

Collection Management Officer: __Joanna M. Burkhardt_____

Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories, including supporting collections from HELIN. How much money is now allocated in the program area?

The URI Library has many monographs in the area of leadership. The HELIN consortium can provide many other relevant titles. Since the class uses coursepacks and does not require research, I believe the existing holdings will support the course.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

There are no essential journals listed as required for this class.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

There are no new resources required to support the course.

4. What information mastery sessions will be required for the students?

While information sessions are not required for this class, they seem to be useful to students generally. To schedule an information session for students you may contact the Library Reference Desk.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new library costs associated with this course.
