Subject: H&H meeting?

I was unclear until just now that there is an H&H meeting today. As I may have mentioned, I have arranged with my boss to get every OTHER monday's 12:00 lunch so that I can attend the meetings, and didn't realize I would have to ask to switch for today too. It really isn't fair for me to make someone that may have plans here at the office to wait for me.

I don't have much to report on the symposium, just hopefully that I will get the CFP out by the end of this week and the web page is on ALERT so that it will also be up ASAP. Also, American Airlines is "getting back to me" about airline tickets, and I also submitted the request to Subaru of America for the car. So rest assured everything is coming along just dandy. (Except for the fact that I could maybe use a little more help especially with Christmas coming and philanthropy getting heavier over here in Development) I apologize for the short notice, an e-mail from Holly Nichols reminded me.

Keep in touch and see you next time. (The 20th, is it not?) Hopefully I will have more good news to report then.
