URI SERVICES

URI Safe Zone Campaign

The Safe Zone Campaign was initiated by the Committee to Eliminate Homophobia and Heterosexism in 1992. The purpose is to identify "safe" spaces in which faculty, staff, or students can comfortably discuss issues dealing with sexual orientation. Such offices and rooms are identified by a Safe Zone Sticker, which is a pink and black triangle, surrounded by a green circle, with the words "URI Safe Zone" imprinted on it. For more information concerning the campaign, contact Bill Bartels at x4784.

The URI Counseling Center offers individual counseling for those dealing with sexual orientation issues. The Center sponsors a support group for gay, lesbian, bisexual, and questioning persons. RESOURCE GUIDE 1996

The University of Rhode Island prohibits discrimination on the basis of race, sex, age, color, creed, national origin, or sexual orientation, and discrimination against disabled and Vietnam era veterans in the recruitment, admission, or treatment of students; the recruitment, hiring, or treatment of faculty and staff; and the operation of its activities and programs.

From the Gay, Lesbian and Bisexual Association and the Committee to Eliminate Homophobia and Heterosexism...

We are excited to offer this resource guide to the URI community. During the past few years, the number of resources for gay, lesbian, bisexual, and transgendered persons has increased dramatically, making it necessary to have a comprehensive directory for URI organizations as well as important organizations from other schools and the community. This is a "first", and it is dedicated to all of those from the URI community who have given their time and effort to creating a safe campus for lesbian, gay, bisexual, and transgendered people. We send a special thank you to Michelle Eaker, Memorial Union Student Activities, for the technical assistance that made this brochure possible.

From the President, Dr. Carothers

Dear Friends,

A learning community like the University of Rhode Island can only accomplish its mission in an atmosphere free from bias and bigotry. The open exchange of views and the acceptance of diverse individuals and groups for what they bring to the community are characteristics we seek to enhance. The resources outlined in this guide will lead you to people and programs committed to that goal. I urge you to get to know them and to make use of the services and counsel they offer.
