**LIBRARY IMPACT STATEMENT (New Course Proposal)
LIBRARIAN'S ASSESSMENT**

Subject selectors will complete this form as requested, assessing library materials and collections as detailed below. Send one copy of the assessment to the faculty member who requested it. Send one copy of the assessment to the Collection Management Officer.

Course: PSY 260: Understanding Inclusion and Diversity

Department, College: Psychology, College of Health Sciences

Faculty Member: Patricia Morokoff

Date returned to Faculty: 8/31/2021

Librarian Completing Assessment: Julia Lovett

Collection Management Officer: Joanna Burkhardt

This face-to-face course looks at issues of inclusion and diversity. Students will complete a limited amount of research and a few assignments using journal articles held in the library collection. The library holds all three journals listed as essential on the LIS request form. There are no optional resources listed. As it's heavily focused on current issues, the course also relies on freely available media and internet resources.

On the syllabus, I would recommend including the Libraries' contact information for research help, including email and virtual help. That information can be found here: <https://web.uri.edu/library/help/reference-research-help/>

In my capacity as subject selector for Psychology, I conclude that the URI Libraries can fully support this course.
