Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?

The library has substantial new and historic holdings in relevant subject categories. Current databases of related journal materials provide the most current information on the topic.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

URI has access to Medline and all the essential journals noted in the Faculty Questionnaire.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

No new library resources are required to support this course.

4. What information mastery sessions will be required for the students?

Library information mastery sessions are not required for students in this class. The library can provide instruction if requested.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs to the library for the support of this course.
