REPORT OF ACADEMIC STANDARDS COMMITTEE ON SERVICE CREDIT

April 17, 1969

Rules and regulations in the University Manual on credit for service in the armed forces were written when basic R.O.T.C. was required of all male students and the credits counted toward the degree requirements. Basic R.O.T.C. is now optional and in many curriculums is taken above the degree requirements. Some or all of the credits for advanced R.O.T.C. taken by students in some curriculums is now also taken above degree requirements. Thus, the section on service credit in the manual needs revision.

The Academic Standards Committee feels that credit should be given for service in the armed forces only to the extent that the work covered there is equivalent to courses which the student is allowed to take for credit in his curriculum. Transfer credit for work in the armed forces should be treated no differently from transfer credit in any other field. Physical education being a University requirement should be treated uniformly throughout the University. Credit for R.O.T.C. courses, however, could only be given in those curriculums in which the student may take R.O.T.C. for credit toward his degree. Also, R.O.T.C. credit should not be automatic, but should only be given for service credit which is judged similar and equivalent to the R.O.T.C. courses.

RECOMMENDATIONS

Delete section 7.9.9 and replace sections 7.9.7, 7.9.8 by the following:

- OMIT (
- 7.9.7 Physical Education -- Students entering the University after having been in the armed forces shall be given credit for basic Physical Education at the rate of one credit for each 3 months of active service up to a maximum of 4 credits.
- 7.9.8 R.O.T.C. -- Credit for basic and advanced R.O.T.C. may be given for work in the service which is judged similar and equivalent to courses which the student may use for credit toward his degree requirements.

Renumber present 7.9.10 to 7.9.9.
