Collection Management Officer: Joanna M. Burkhardt _____

Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?

The library has both historic and current materials in relevant subject categories. The allocation for the purchase of monographs for Nursing for 2020-21 is approximately \$8,000. The costs for journal and database subscriptions is not broken out by department or college.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

The Library has online access to all of the essential journals and databases as noted in the Faculty Questionnaire. Regarding non-essential journals the library has access to all but two of the titles listed. The titles we currently lack are Journal of Nursing and Health Sciences and Journal of Nursing and Patient Care.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

No new library resources are required for the support of this course.

4. What information mastery sessions will be required for the students?

No library information mastery sessions are required for student in this course. The Public Services department is available by appointment to provide library instruction.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

No new library resources are required for the support of this course.
