Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?

The library holds substantial historic and current materials in relevant subject categories. The allocation for the purchase of monographs for Oceanography for 2020-21 is approximately \$6500. The allocation for the purchase of monographs for Business for 2020-21 is approximately \$10,000. The cost of subscriptions to journals and databases is not broken out by department or college.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

As noted on the Faculty Questionnaire, existing journals/databases in Oceanography and Business are sufficient for the support of this course.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

No new library resources are required for the support of this course.

4. What information mastery sessions will be required for the students?

No library information mastery sessions are required for the students in this course.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs to the library for the support of this course.
