LIBRARY IMPACT STATEMENT (New Course Proposal)
LIBRARIAN'S ASSESSMENT

Subject selectors will complete this form as requested, assessing library materials and collections as detailed below. Send one copy of the assessment to the faculty member who requested it. Send one copy of the assessment to the Collection Management Officer.

Course: MUS506 Music Administration and Supervision

Department, College: Music, A&S

Faculty Member: Audrey Cardany

Date returned to Faculty: 11/10/20

Librarian Completing Assessment: Jim Kinnie

Collection Management Officer: Joanna Burkhardt

Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?
2. Does URI have the essential journals as noted in the Faculty Questionnaire?
3. What new resources are required to support the course (including media, electronic, or other non-print materials)?
4. What information mastery sessions will be required for the students?
5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

Although the instructor's LIS notes that students will be conducting research, much of the assigned work targets existing school systems and their administrative processes, and the research requires study of a particular school district or system.

Background research may be required to explore resources in educational administration, budget proposals, teacher hiring and evaluation, and curriculum development. In addition to databases indexing music teaching resources (RILM, Music Index Online), URI Libraries provides access to databases in other related disciplines that can supplement the 'local' research: ERIC and Education Full Text for information on educational administration and policies; ABI/INFORM for management, leadership, and personnel supervision.

The two monographs cited as critical to the course have been ordered. Library instruction to support this course is available upon request.

URI Libraries has sufficient resources to support this course; no new resources are needed.
