Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories? How much money is now allocated in the program subject area?

The library has current and historic materials in relevant subject categories. The allocation for the purchase of monographs for FAVS for 2019-20 is approximately \$3,500. The cost of database subscriptions is not broken out by department or college.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

URI has online access to all of the essential journals and all of the recommended journals listed on the Faculty Questionnaire.

3. What new resources are required to support the program (including media, electronic, or other non-print materials)?

No new library resources are required for the support of this program.

4. What information mastery sessions will be required for the students?

Information mastery sessions are not required for students in this program. Instructors of individual courses may make an appointment for library instruction for students by contacting the Instruction Unit of the Public Services Department in the library.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs to the library for the support of this program.
