---

Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?

The library has numerous current monographs in relevant subject categories. The College of Health Sciences does not a separate allocation of funds for the purchase of monographs for 2019-20. There is money available for these purchases in many related subject areas. The cost of journals and databases is not broken out be department or college.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

There are no essential journals noted in the Faculty Questionnaire. URI has online access to all of the journals listed as supporting but not essential.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

No new library resources are required for the support of this course.

4. What information mastery sessions will be required for the students?

Information mastery sessions are not required for the student in this course. Instructors may make an appointment to bring their class(es) to the library for instruction by contacting the Public Services Department in the library.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs to the library for the support of this course.
