Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?

The University Libraries have current and historic materials in relevant subject categories. The current allocation for the purchase of monographs for Pharmacy for FY 2020 is approximately \$12,000. The cost of journals and journal databases is not broken out by department or college.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

The Library subscribes to the databases/journals listed in the Faculty Questionnaire.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

No new library materials are required to support this course.

4. What information mastery sessions will be required for the students?

Information Mastery sessions are not required for students. Individual instructors may make an appointment for a library instruction session at the beginning of any semester if needed.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs to the library for the support of this course.
