Librarian Completing Assessment: Joanna M. Burkhardt _____

Collection Management Officer: Joanna M. Burkhardt _____

Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories? How much money is now allocated in the program subject area?

The URI Libraries have substantial holdings in relevant subject categories. As this program does not include any new courses, there should be no problem supporting this certificate program with existing resources. The allocation for the purchase of monographs in FAVS for 2019-20 is approximately \$3500. The cost of journal subscriptions is not broken out by department or college.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

URI subscribes to the essential journals and databases noted in the Faculty Questionnaire.

3. What new resources are required to support the program (including media, electronic, or other non-print materials)?

No new library resources are required for the support of this course.

4. What information mastery sessions will be required for the students?

Library Instructions can be provided by the Instruction Department of the Library. Faculty can arrange to bring their classes to the library by contacting the Instruction Department at the beginning of any semester.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs to the library for the support of this program.
