Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?

The URI Libraries hold large amounts of materials in relevant subject categories. The allocation for Nursing for the purchase of monographic material for 2019-20 is approximately \$9,000. There are plenty of fund available for the purchase of monographs to support this course. The cost of journal subscriptions is not broken out by department or college.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

URI has the essential journals as noted in the Faculty Questionnaire.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

No new library resources are required to support this course.

4. What information mastery sessions will be required for the students?

Library Information sessions can be scheduled by faculty at the beginning of any semester. The Instruction Department at the library can offer instruction in the use of databases and other research techniques.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs to the Library for the support of this course.
