The Library Impact Statement for MBA 507 *Critical Business Skills* states that students will be conducting research in the course, and the proposed syllabus confirms this. Library research will be required for a Team Debate assignment in which students will be expected to “thoroughly research their topic, consulting current periodicals, academic sources, and/or, to a limited extent, the Internet.”

The instructor notes that existing library resources are sufficient for this assignment “(e.g. ABI/Inform database, Academic Search Complete database, Nexis Uni, etc.)”

Based on my review of the Library Impact Statement and the proposed syllabus for MBA 507 *Critical Business Skills*, I conclude that the University Libraries can meet the needs of this course with no additional resources.

In my role as Subject Selector for the College of Business, I support the addition of this course.
