**LIBRARY IMPACT STATEMENT
LIBRARIAN'S ASSESSMENT**

Course: DBA 614 *Quantitative Research Methods*

Department, College: College of Business

Faculty Member: Prof. Georges Tsafack / Prof. Christy Ashley

Date returned to Faculty: 29 May 2019

Librarian Completing Assessment: Prof. Andrée J. Rathemacher

The Library Impact Statement for DBA 614 *Quantitative Research Methods* states that students will not be conducting research in the course, and the proposed syllabus clarifies that, as assignments, students will be summarizing elements of their own research projects.

With regard to the question about what critical journals, monographs, and electronic resources the University Libraries must have to support the course, there is no response.

Based on my review of the Library Impact Statement and the proposed syllabus for DBA 614 *Quantitative Research Methods*, I conclude that the University Libraries can meet the needs of this course with no additional resources.

In my role as Subject Selector for the College of Business, I support the addition of this course.

Andrée J. Rathemacher
Professor
Head of Acquisitions, University Libraries
