**LIBRARY IMPACT STATEMENT
LIBRARIAN'S ASSESSMENT**

Course: MHM 507 *Healthcare Quality Science*

Department, College: College of Business

Faculty Member: Prof. Su Hsiu Wu

Date returned to Faculty: 15 April 2019

Librarian Completing Assessment: Prof. Andrée J. Rathemacher

The Library Impact Statement for MHM 507 *Healthcare Quality Science* states that students will not be conducting library research in the course, and the proposed syllabus confirms this.

In response to the question about what critical journals, monographs, and electronic resources the University Libraries must have to support the course, the response is “Able to find the resources that are needed for the course at the library.”

Based on my review of the Library Impact Statement and the proposed syllabus for MHM 507 *Healthcare Quality Science*, I conclude that the University Libraries can meet the needs of this course with no additional resources.

In my role as Subject Selector for the College of Business, I support the addition of this course.

Andrée J. Rathemacher
Professor
Head of Acquisitions, University Libraries
