UNIVERSITY OF RHODE ISLAND  
Kingston, Rhode Island

FACULTY SENATE  
BILL

Adopted by the Faculty Senate

RECEIVED  
UNIVERSITY OF R. I.  
DEC 13 1977  
OFFICE OF THE PRESIDENT

TO: President Frank Newman  
FROM: Chairman of the Faculty Senate

1. The attached BILL, titled One Hundred and Thirty-Seventh Report of the Curricular Affairs Committee

is forwarded for your consideration.

2. The original and two copies for your use are included.

3. This BILL was adopted by vote of the Faculty Senate on December 8, 1977 (date)

4. After considering this bill, will you please indicate your approval or disapproval. Return the original or forward it to the Board of Regents, completing the appropriate endorsement below.

5. In accordance with Section 8, paragraph 2 of the Senate's By-Laws, this bill will become effective on December 29, 1977 (date), three weeks after Senate approval, unless: (1) specific dates for implementation are written into the bill; (2) you return it disapproved; (3) you forward it to the Board of Regents for their approval; or (4) the University Faculty petitions for a referendum. If the bill is forwarded to the Board of Regents, it will not become effective until approved by the Board.

December 9, 1977  
(date)

Robert M. Gutchen  
Chairman of the Faculty Senate

ENDORSEMENT 1.

TO: Chairman of the Faculty Senate  
FROM: President of the University

1. Returned.

Faculty Senate Curricular Affairs Committee One Hundred and Thirty-Seventh Report

At its meeting of November 14, 1977, the Faculty Senate Curricular Affairs Committee considered the following matters now presented to the Faculty Senate.

SECTION I

Informational Matters:

College of Home Economics

Department of Child Development and Family Relations

CHANGE: Paragraph 1 on p. 70 of 1977-78 Undergraduate Bulletin as follows:

Students who wish to meet the requirements for the Provisional Nursery-Kindergarten Certificate in Rhode Island must take the following courses in addition to Group III: EDC 102 and 312, 484, and 485; CDF 330 and 370. The sequence of courses is extremely important since student teaching placements will be during the Fall semester only. Students interested in certification must apply by their third semester. It is suggested that they see their University College advisor as early as possible in their program.

\*\*\*\*\*

SECTION II

Matters Which Require Confirmation by the Faculty Senate:

A. College of Home Economics

Department of Child Development and Family Relations

CHANGE: The number of credits for CDF 355 to "3".

Proposed amendment to section 3.40.12 of the University Manual

The Curricular Affairs Committee recommends that the following amended version of section 3.40.12 of the University Manual be approved (changes are underlined):

3.40.12 The Dean of the Division of University Extension shall be responsible for the administration of the division and of Summer Session. The Dean shall appoint temporary lecturers for credit courses with the approval of the department chairpersons and the deans of the colleges concerned.

The CAC recommends this change to make the language of 3.40.12 consistent with 7.72.11-13 which were approved by the Senate on October 14, 1977. The Acting Dean of the Division of University Extension was consulted regarding this change prior to the CAC's action.

SECTION III

Joint Report of the Curricular Affairs Committee and Graduate Council on 400-Level Courses

At the October 3, 1977 meeting of the Curricular Affairs Committee and the October 14, 1977 meeting of the Graduate Council, the following matters were considered and are now presented to the Faculty Senate for confirmation:

College of Resource Development

Department of Animal Science

a. ADD: The following new courses:

1) ASC 474 Population Genetics in Animal Breeding (11,3) Genetic structure of populations; conditions of equilibrium and gene frequency changes. Inbreeding and other mating systems. Criteria for selection and comparison of breeding systems. (Lec. 3) Pre: 352 or BOT 352. In alternate years, next offered 1978-79.  
L. Smith

2) ASC 476 The Genetics of Fish (11,2) Modes of inheritance found in fish including chromosome numbers and sex determination, methods of selection and mating systems used in the development of strains for aquaculture. (Lec. 2) Pre: 352 In alternate years, next offered Spring 1977-78.  
L. Smith

b. DELETE: The following courses contingent upon addition of ASC 474 and ASC 476:

1) ASC 442 Animal Breeding (11,3)  
2) ASC 470 Population Genetics (11,3)
