LIBRARY IMPACT STATEMENT (New Course Proposal)
LIBRARIAN'S ASSESSMENT

Subject selectors will complete this form as requested, assessing library materials and collections as detailed below. Send one copy of the assessment to the faculty member who requested it. Send one copy of the assessment to the Collection Management Officer.

Program: EVS515

Department, College: Environmental Sciences. CELS

Faculty Member: Professor Art Gold

Date returned to Faculty: December 7, 2018

Librarian Completing Assessment: Michael A. Cerbo II

Collection Management Officer: Professor Joanna Burkhardt

This online, two credit graduate course is titled "Natural Resource Data Analysis" and the Professor expects the students to conduct no research for this course. All material will be supplied by the instructor thorough Sakai.

If the instructor decides that some monographic resources might be necessary, we should be able to acquire them in most cases.

Per the Professor's comments, access to journals in this field meets the needs of the course. Since there will be no research and all materials will be provided by the instructor.

Therefore, the librarian believes that the Library can support, bibliographically, the needs of the students to be able to acquire the most out of this course.
