**LIBRARY IMPACT STATEMENT (New Course Proposal)
LIBRARIAN'S ASSESSMENT**

Subject selectors will complete this form as requested, assessing library materials and collections as detailed below. Send one copy of the assessment to the faculty member who requested it. Send one copy of the assessment to the Collection Management Officer.

Course: LSC 535: Media Smart Libraries

Department, College: GSLIS, Harrington School, Arts & Sciences

Faculty Member: Prof. Mary Moen

Date returned to Faculty: November 19, 2018

Librarian Completing Assessment: Mary C. MacDonald

Collection Management Officer: Joanna M. Burkhardt

Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories, including supporting collections from HELIN. How much money is now allocated in the program area?
2. Does URI have the essential journals as noted in the Faculty Questionnaire?
3. What new resources are required to support the program (including media, electronic, or other non-print materials)?
4. What information mastery sessions will be required for the students?
5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

I have reviewed the syllabus and course proposal LSC 535: Media Smart Libraries and find that no new library resources are necessary for this course. According to the submitted Library Questionnaire for Faculty, students enrolled in LSC 535 will not be conducting research in this course and thus will not require library materials.

If resources were ever needed, the Library Collection Development Officer annually allocates approximately \$4,500.00 annually that I use to purchase materials that support the GSLIS.

Respectfully submitted,

Mary C. MacDonald, MLIS
Professor / Head of Instruction
Library Liaison to GSLIS
