Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?

The library has up-to-date holdings in relevant subject categories. The library subscribed to the relevant databases for journals. The 2018-19 allocation for purchase of monographs in Pharmacy is approximately \$16,000. The cost of journals and databases is not broken out by department.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

The library subscribes to the required databases.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

No new library resources are required to support this course.

4. What information mastery sessions will be required for the students?

Instructors are welcome to contact the Public Services Department if students need help with the use of databases or other library tools. There is no information mastery session required for this course.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs to the library associated with this course.
