Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?

The library holds substantial materials in relevant subject categories. We have recently purchased several titles requested by Pharmacy for the support of this course. The allocation for monographs for Pharmacy for 2018-19 is approximately \$16,000. The cost of journal subscriptions is not broken out by department.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

URI has access to the two essential journals noted in the Faculty Questionnaire.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

No new Library resources are required to support this course.

4. What information mastery sessions will be required for the students?

Information mastery sessions can be scheduled at the beginning of any semester by contacting the Public Services Department in the Library.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs to the library for the support of this course.
