Collection Management Officer: Joanna M. Burkhardt_____

Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories? How much money is now allocated in the program subject area?

The library has substantially increased its holdings in relevant subject categories over the past 5 years. The allocation for the purchase of monographs for Computer Science for 2021-22 is approximately \$1,000. The cost of database and journal subscriptions is not broken out by department or college.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

The library provides online access to all of the essential journals noted in the Faculty Questionnaire.

3. What new resources are required to support the program (including media, electronic, or other non-print materials)?

No new library resources are required for the support of this program.

4. What information mastery sessions will be required for the students?

Library information mastery sessions are not required for students in this program.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs to the library for the support of this program.
