Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?

The library has access to resources in relevant subject categories, both in journals and monographs. The allocation for monographs for Kinesiology for 2017-18 is approximately \$2000. Any new monographs that would be helpful to support this class can be purchased from this allocation. The cost of journal subscriptions is not broken out by department. We subscribe to thousands of medical/health related journals.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

There are no essential journals noted in the Faculty Questionnaire.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

No new resources are required to support this course.

4. What information mastery sessions will be required for the students?

Information mastery sessions are not required for students in this course. If instructors wish to schedule a class session in the library, they may do so by contacting the Public Services Department.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs associated with this course.
