Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?

The library has substantial holdings in Pharmacy and other relevant subject categories. The allocation for the purchase of monographs in Pharmacy for 2021-22 is approximately \$9,000. The cost of journal and database subscriptions is not broken out by department or college.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

The library has access to all the journals listed as essential and those listed as additional in the Faculty Questionnaire.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

No new library resources are required for the support of this course.

4. What information mastery sessions will be required for the students?

No library information mastery sessions are required for students in this course.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs to the library for the support of this course.
