CURRICULAR REPORT FROM THE GRADUATE COUNCIL TO THE FACULTY SENATE - REPORT NO. 1974-75-10

At its Meeting No. 136 of the Graduate Council on April 25, 1975 the Graduate Council considered and approved (where necessary) the following curricular matters which are now submitted to the Faculty Senate for information or confirmation as indicated.

I. Matters of Information. (For further details consult the chairman of department concerned).

A. College of Arts & Sciences

1. Department of Languages

a. Experimental Course (change)

The experimental courses SPA 934X: Contemporary Spanish and Hispanic-American Outlook and SPA 932X: Spanish Speaking Peoples in the United States are now designated as SPA 940X: Workshop: Spanish Speakers 1975 to read--

SPA 940X Workshop: Spanish Speakers 1975 SS 7/7-8/1, 6
A unique experience for teachers of Spanish at all levels to understand the aspirations and goals of the Spanish speaking people in the United States, Latin America and Spain. Those with a knowledge of Spanish, involved in other areas of teaching such as sociology or anthropology, as well as people in many professions involved with Spanish speaking people will also find this a stimulating workshop. Prerequisite: Knowledge and use of Spanish. (Primarily for teachers or professionals and any qualified undergraduate with permission of the Director.) Hutton

II. Matters Requiring Confirmation by the Faculty Senate.

A. College of Nursing

1. Add (New)

NUR 507 Comparative Study of Functions in Nursing I or II,3
Seminar for the study of theories basic to the development of philosophy and practice in education and administration in nursing. (Lec 3) Prerequisite: NUR 501, 502. Must be taken concurrently with NUR 508 or 509. Staff

2. Changes

NUR 511 Teaching Practicum - Number, Title and Description changed to -

NUR 508 Practicum in Teaching I and II,3
Supervised teaching experience in the student's chosen area of clinical interest. (Lec 1, Lab 6) Prerequisite: NUR 501, 502. Must be taken concurrently with NUR 507. Staff

NUR 513 Practicum in Administration of Nursing Service - Number and Desc chgd to -

NUR 509 Practicum in Administration of Nursing Service I and II,3
Supervised experience in nursing service in a clinical setting chosen by the student. (Lec 1, Lab 6) Prerequisite: NUR 501, 502. Must be taken concurrently with NUR 507. Staff

RECEIVED

MAY 1 1975

UNIVERSITY OF RHODE ISLAND
FACULTY SENATE

NUR 506 Independent Study in Nursing - Credit change from 3 to 2-6

Program Requirements changed from - three courses in social science to two, one education and one in organization and management, or allied areas. The Physiology course, ZOO 442, remains the same.

3. Deletion:

NUR 510 Teaching of Clinical Nursing
 NUR 512 Administration in Nursing Service

B. Environmental Health Science Program

1. Change

A reduction in the credit requirements from 44 to 36. It is felt that the present credit requirement is excessive. Some of the reasons for this include:

- (1) The program is intended to be an applied rather than a research degree.
- (2) In connection with application for training grants, the credit requirement is excessive.
- (3) Comparative programs in other institutions require from 30-36 credits.
- (4) It has sometimes been necessary to literally "shop around" for suitable courses to fulfill the student's program.
- (5) The students in this program receive no graduate assistantships or comparative support and must essentially be self supporting. With a 44 credit requirement, it means that they are in residence for two years and must spend the intervening summer serving in a health facility as part of the training.

The proposed 36 credit program would include the following core curriculum:

CVE 570	Sanitary Chemistry	3 cr)	students would be required to take 6 credits from these three courses
CVE 571	Sanitary Chemistry Lab	3 cr)	
CVE 572	Biosystems in Sanitary Engr	3 cr)	
EHS 562X	Interdisciplinary Seminar	2 cr	
EHS 563X	Public Health Administration	3 cr	
*EST 406	Biostatistics	3 cr	
FRC 432	Biochem of Food Processing	3 cr	
FRC 521	Pesticide Chemistry	3 cr	
MIC 412	Food Microbiology	3 cr	

This would leave 13 credits for the student to select depending upon the particular area in which concentration is desired.

*New course to be proposed, or alternate three credits in Statistics

At its meeting No. 135 on April 11, 1975 the Graduate Council, as a result of its review of the graduate programs in Pharmacy, unanimously approved a recommendation that:

"... all administrative aspects of hospital pharmacy in the graduate program be transferred to Pharmacy Administration including the responsibility for PHC 625, 626, if it is to be taught: the catalog listing for specializations in the graduate Pharmacy program should be restricted to Pharmaceutics and Clinical Pharmacy; and model programs of study for students pursuing both specialties should be presented to the Graduate Council for approval during the Fall 1975 semester..."

Inasmuch as this action affects the allocation of responsibility for an area of instruction, by concentrating hospital administration in the Pharmacy Administration Department, confirmation by the Faculty Senate is requested.
