The Library Impact Statement and syllabus for BUS 430X *Practice of Finance* indicate that students will not be conducting research in the course.

In response to the question on the library's form about what critical journals, monographs, and electronic resources the University Libraries *must* have to support the course, the response is, "None."

Thus, based on my review of the Library Impact Statement and the sample syllabus for BUS 430X, I conclude that the University Libraries can meet the needs of this course with no additional resources.

In my role as Subject Selector for the College of Business Administration, I support the addition of this course without reservation.
