Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?

The University Libraries hold materials relevant to the subject. The allocation for 2016-17 for purchase of mathematics monographs is approximately \$2600. Should purchase of monographic materials for this course be necessary, there are sufficient funds to accommodate the request.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

There are no essential journals noted in the Faculty Questionnaire.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

No new library resources are required to support this course.

4. What information mastery sessions will be required for the students?

There are no information mastery sessions require for the students.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new library costs associated with this course.
