Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories. How much money is now allocated in the subject area?

The URI Libraries has sufficient resources in relevant subject categories to support this course. The course does not require reading materials beyond the textbook. The monographic allocation for 2016-17 for mathematics is approximately \$2500. Any requests for monographic materials can be accommodated.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

There are no essential journals noted in the Faculty Questionnaire.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

There are no new library resources required to support this course.

4. What information mastery sessions will be required for the students?

No information mastery sessions are required for the students in this class.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new costs to the library for the support of this class.
