Assessment of:

- Suitability of existing library resources;
- New library resources required to support the program;
- Information skills education required by the students; and
- Funds needed for library materials and services.

Please include:

1. What library holdings already exist in relevant subject categories? How much money is now allocated in the subject area?

The library holds more than 100 monographs concerning aspects of Finite Math. We also subscribe to a wide variety of math related journals whose cost is not broken out by department. The monographic allocation for Mathematics for 2015-16 is approximately \$2600.

2. Does URI have the essential journals as noted in the Faculty Questionnaire?

There are no essential journals noted in the faculty questionnaire.

3. What new resources are required to support the course (including media, electronic, or other non-print materials)?

No new library resources are required to support this course.

4. What information mastery sessions will be required for the students?

No information mastery sessions are required for the students.

5. What is the approximate cost to acquire the materials necessary? Which of these will be continuing costs?

There are no new one-time or continuing costs to the library for the support of this course.
