**Report to the Faculty Senate from the Council for Research
November 17, 2016**

Chair, Council for Research**

- #1. Background and rationale for change.** A Subcommittee of the Council for Research reviews procedures and distribution of research overhead funds (10.72.10 – see below). The current manual language reads that the Subcommittee shall be chaired by the Vice President for Research and Economic Development and the Chair of the Council for Research shall be Vice Chair. There is an inherent conflict of interest for Dr. Sonnenfeld to be leading a group that is meeting to evaluate the overhead spending and distribution. Both the Council for Research and Dr. Sonnenfeld agree the language should be modified and request that the Council for Research Chair be the Chair for the subcommittee. The following language is to help provide context for the changes to 10.72.11:

University Manual Chapter 10 – Administrative Procedures

10.72.10 Procedure for Revisions to the Distribution of Facilities and Administrative (Overhead) Funds. At the beginning of each fiscal year, a subcommittee of the Council for Research shall review procedures and distribution of Facilities and Administrative funds (research overhead funds). The review shall: a) evaluate the current expenditure and distribution plan with regard to URI's changing needs and resources; b) examine, as desirable, F&A distribution plans at other peer public research institutions; c) produce a report including, as appropriate, any recommendations for changes in distribution to be considered for implementation in the subsequent fiscal year. #12-13-15

10.72.11 The subcommittee shall be chaired by ~~the Vice President of Research and Economic Development and~~ the Chair of the Council for Research. ~~shall be Vice Chair.~~ The subcommittee shall ~~also~~ consist of four additional faculty members from the Council for Research elected by the Council before its last meeting in the spring and one designee each of the President, the Provost, and the Vice President for Administration and Finance. The Vice President for Research and Economic Development may be an ex-officio, non-voting member of the subcommittee. #12-13-15
